

Boulder Acoustic Society

Old school but never old, B.A.S. is the new wave of American roots music. It's what happens when four songwriters get together to mash up blues, folk, gospel, indie and world music to soothe their musical curiosity. Their music is intense and exciting for listeners with something new and interesting at every turn. We are very excited to add this band to our 2009 lineup!

Bring your lawnchair!

The Luke Ham Sandwich Band

The Lukasiewicz (pronounced Luka-savage) family of 10 from Longmont, Colorado makes up this unique band. They never intended to form a band they just wanted to get some musical training. The older 2 kids began playing and before long the whole gang was clamoring to be included (they had to turn 4 first!) They now specialize in fiddling, country music and gospel hymns. This promises to be an entertaining group!

The Bluegrass Sheiks

The Sheiks are adopted favorite sons of Haigler, NE. A former band member, Bill McVey, was a native of Haigler. Since his passing, the band has returned to Haigler to share their music with friends on many occasions. They are a special group and a festival favorite each year.

We'll pass the boot and gratefully accept your donations
